Fort Osage Fire Protection District places Bond issue on April 8, 2014 ballot

Fort Osage Fire Protection District
- Bond Election - April 8, 2014
In 2008 the voters of the Fort Osage
Fire Protection District approved a
Bond Issue for the support of capital
replacements and improvements.

Bond information was presented in 2008, it was expressed in 4-5 years the district would be looking at issuing new bonds to continue the funding of capital replacements and improvements.

The District is asking the voters on April 8th for a no tax increase bond issue. The bond question will allow the district to sell \$3.5 million in general obligation bonds.

The Board of Directors is asking

the following question to provide replacement of fire apparatus, ambulances and fire & emergency medical services equipment.

QUESTION

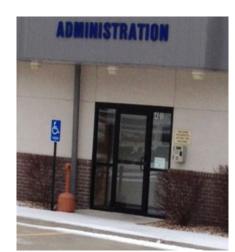

Shall the Fort Osage Fire Protection District of Jackson County, Missouri issue its general obligation bonds in the amount of 3,500,000 for the purpose of acquiring equipment and improving buildings and facilities of the District including without limitation purchasing fire trucks, ambulances, medical and rescue equipment, breathing apparatus and communication equipment, and improving, furnishing and equipping fire stations and training facilities?

Fort Osage Fire Protection District the following question to provide What will this no tax increase bond - Bond Election - April 8, 2014 replacement of fire apparatus, issue fund?

* Replacement of self-contained breathing apparatus (firefighter air tanks) * Replacement of ambulances * Replacement of fire trucks (1988) (1997) * Out-dated fire & emergency medical equipment * Radio equipment * Facility upgrades

This can only be used to support capital items and improvements and not for general operating expenses associated with the general fiscal budget.

Proper fire and emergency medical equipment is crucial to the success of providing safe and appropriate services to our community!

Fort Osage High School Cheerleading Competition

The Fort Osage High School Cheerleading Competition Squad travelled to Dallas, Texas this past weekend to compete in the NCA National Competition.

The squad scored a 91.38 out of 100 pts. for their two day total which earned them a 5th place finish in the Advanced Small-Coed Division. It was a great opportunity for the squad and the first time that a Fort Osage cheerleading team has competed at Nationals at a high level competition. NCA is one of the two top cheerleading organizations in the United States. It was founded by Lawrence Herkimer and was the first organized cheerleading organization in the U.S.

Prior to taking the floor on Saturday the team took a tour of the Texas School Book Depository where Lee Harvey Oswald fired the shots that killed President Kennedy. Afterwards they visited the grassy knoll and the site of the Kennedy assassination in Dallas.

The squad represented Fort Osage proudly throughout the entire weekend.

Members of the squad are: Seniors – Kaitlyn Boatright, Kristine Bodine, Shanne Hackett, Sam Jeffries, and Bekka Ramirez; Juniors – Candra Camerlynck, Kennedi Myers, Allison Stevens, and Sydney Vanfleet; Sophomores – Maddy Monday, Madison Rawson, and Kendall Smith; Freshmen- Denise Dean, Payton Kelly, Hannah Rice, Casandra Richey, and Gabby Romero.

MISSOURI RECEIVES C- FOR ITS SUPPORT FOR EMERGENCY PATIENTS, BUT FAILING GRADES FOR PUBLIC HEALTH AND MEDICAL LIABILITY ENVIRONMENT

WASHINGTON — Missouri received flunking grades in the categories of Medical Liability Environment and Public Health and Injury Prevention in the latest state-by-state report card on America's emergency care environment ("Report Card"), issued today by the American College Emergency Physicians (ACEP).

Missouri received a C- overall, and the nation's grade fell to a D+ since the last Report Card was released in 2009.

The Report Card forecasts an expanding role for emergency departments under Obamacare and describes the competing pressures of shrinking resources and increasing demand.

"Missouri ranked sixth in the nation for access to emergency care, which is great," said Dr. Larry Slaughter, president of the Missouri Chapter of ACEP. "But clearly there are areas that we need to improve in order to protect emergency patients, especially as health care reforms are implemented."

In the category of Public Health and Injury Prevention, Missouri has one of the lowest rates of funding for injury prevention (\$13.36 per 1,000 people) in the nation. It also has higher than average preventable deaths including homicides, suicides, traffic fatalities and poisoning—related deaths.

The decline in the state's rankings in the Medical Liability Environment category are largely due to recent setbacks. Missouri's \$350,000 cap on non-economic damages was struck down by the state Supreme Court in 2012, eliminating a key protection for health care providers in a state where the average malpractice award payments are almost \$130,000 higher than the national average.

Missouri has a strong disaster preparedness system and received a B- grade in this category. The state has training plans, policies and facilities in place for an effective disaster response. Missouri also has worked to institute a statewide patient-tracking system and includes patients dependent on dialysis in its medical response plan.

Missouri received C+ grades in the categories of Quality and Patient Safety and Access to Emergency Care. The state has an overall strong health care workforce and above-average per capita rates of specialists with high rates of staffed inpatient beds (366 per 1 million people) and psychiatric care beds (52.6 per 1 million people). The state also has above-average rates of accredited chest pain centers, level I and level II trauma centers and emergency departments. (See Missouri Receives C- on p.4)

Cardiac arrest strikes immediately and without warning. Here are the signs:

- Sudden loss of responsiveness (no response to tapping on shoulders).
- No normal breathing (the victim does not take a normal breath when you tilt the head up and check for at least five seconds).

If these signs of cardiac arrest are present, tell someone to call 9-1-1 and get an AED (if one is available) and you begin CPR immediately.

If you are alone with an adult who has these signs of cardiac arrest, call 9-1-1 and get an AED (if one is available) before you begin CPR. Use an AED as soon as it arrives.

Heart Attack Warning Signs

Some heart attacks are sudden and intense — the "movie heart attack," where no one doubts what's happening. But most heart attacks start slowly, with mild pain or discomfort. Often people affected aren't sure what's wrong and wait too long before getting help. Here are signs that can mean a heart attack is happening:

- Chest discomfort. Most heart attacks involve discomfort in the center of the chest that lasts more than a few minutes, or that goes away and comes back. It can feel like uncomfortable pressure, squeezing, fullness or pain.
- Discomfort in other areas of the upper body. Symptoms can include pain or discomfort in one or both arms, the back, neck, jaw or

stomach.

- Shortness of breath with or without chest discomfort.
- Other signs may include breaking out in a cold sweat, nausea or lightheadedness

As with men, women's most common heart attack symptom is chest pain or discomfort. But women are somewhat more likely than men to experience some of the other common symptoms, particularly shortness of breath, nausea/vomiting, and back or jaw pain.

Learn the signs, but remember this: Even if you're not sure it's a heart attack, have it checked out (tell a doctor about your symptoms). Minutes matter! Fast action can save lives — maybe your own. Don't wait more than five minutes to call 9-1-1.

Calling 9-1-1 is almost always the fastest way to get lifesaving treatment. Emergency medical services (EMS) staff can begin treatment when they arrive — up to an hour sooner than if someone gets to the hospital by car. EMS staff are also trained to revive someone whose heart has stopped. Patients with chest pain who arrive by ambulance usually receive faster treatment at the hospital, too. It is best to call EMS for rapid transport to the emergency room.

If you can't access the emergency medical services (EMS), have someone drive you to the hospital right away. If you're the one having symptoms, don't drive yourself, unless you have absolutely no other option.

Buckner State of the City Address Buckner Town Hall Minutes

January 6, 2014

Meeting began at 7pm

Welcome: Done by Gary Thompson (Buckner Chamber Board President) Gary introduced Dan Hickson (Buckner Mayor).

Dan began the State of the City Address by saying "I took this job because it's not about me, it's about community".

The Chamber would like to do a State of the City Address annually.

Dan talked about the chamber helping old and new businesses succeed in Buckner.

Some of the new business:

- Bobby Dean's car lot
- Laundromat
- Italian Restaurant

Dan gave thanks to the Fort Osage Fire Department for operating in Buckner for 50 years now.

Dan stated that Ed Burns is no longer park President. He has taken the position of Director of Public Works

Dan stated that Aldermen are very diligent with the budget. They came in under goal for 2012/2013 year.

Out of the City Budget they purchased 2 new patrol cars and a new tractor to keep city buildings up to code. Mayor Hickson stated "How can we expect people to stay on top of things such as grass height if the city doesn't do it?"

The City spent \$125,000 on streets last year and they will do it again this year.

The City's budget for 2013/2014 is \$2.5 million dollars. They will be diligent with the money and keep the budget on track.

In March they will start building the new city Hall. The police will be housed in that building as well.

Christmas in Buckner Park was very successful this past Christmas. Park spent \$27,000 dollars in electrical upgrades so it could handle all the decorations. The donations went to Buckner Elementary School teachers, the city and 7 non profits in the neighborhood.

Activities that are going on in Buckner:

- Rodeo
- Kids Safety Day
- Smoke out in the valley
- Fireworks in the park
- Festival in the valley.

The meeting adjourned at 8pm with President Gary Thompson stating: "The mayor and Aldermen are doing an outstanding job. The chamber will work to help business in the community succeed". (Article submitted by Connie Fields)

Missouri receives C-(continued from page 1)

The Report Card's recommendations for improvements included:

Implement medical liability protections for medical care mandated by the Emergency Medical Treatment and Labor Act.

Implement programs to discourage risky behaviors that can lead to preventable diseases and injuries. The state should push for stronger enforcement of child safety belt and seatbelt laws that could help reduce traffic fatalities. Passage of smokefree legislation for restaurants, bars and workplaces could help prevent illness and encourage smokers to quit.

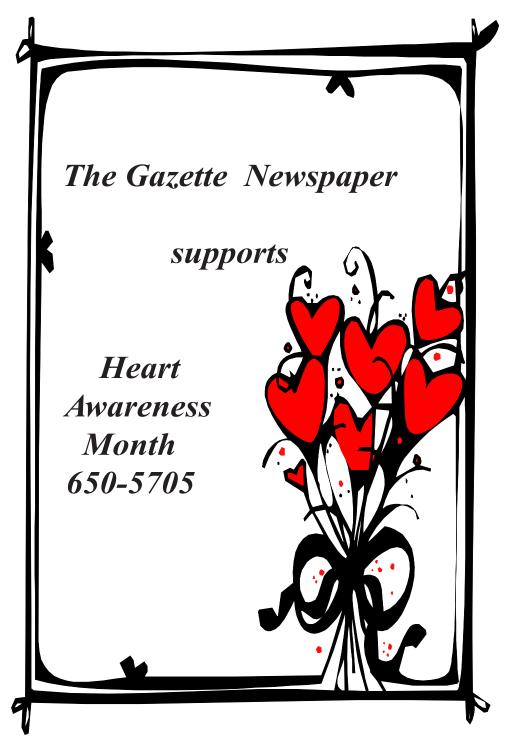

Address the financial barriers to care and the shortages of primary care providers. Missouri needs to ensure that the state's low-income and child populations can access the care they need.

"America's Emergency Care Environment: A State-by-State Report Card – 2014" evaluates conditions under which emergency care is being delivered, not the quality of care provided by hospitals and emergency providers. It has 136 measures in five categories: access to emergency care (30 percent of the grade), quality and patient safety (20 percent), medical liability environment (20 percent), public health and injury prevention (15 percent) and disaster preparedness (15 percent). While America earned an overall mediocre grade of C- on the Report Card issued in 2009, this year the country received a near-failing grade of D+.

ACEP is the national medical specialty society representing emergency medicine. ACEP is committed to advancing emergency care through continuing education, research and public education. Headquartered in Dallas, Texas, ACEP has 53 chapters representing each state, as well as Puerto Rico and the District of Columbia. A Government Services Chapter represents emergency physicians employed by military branches and other government agencies.

Heart Healthy Recipe

Peach and Cherry Crumble

Ingredients for the fruit
Cooking spray
Juice of one lemon
5-6 fresh pears, the riper the better
1 cup dried cherries
Zest of one lemon
1/2 cup pear juice (may substitute apple juice)

Preheat the oven to 375°F. Lightly spray a 9-inch baking dish with cooking spray. Line a rimmed baking sheet with aluminum foil and set aside. Fill a large bowl halfway with cold water and the juice of one lemon. Cut the stems off the pears and peel them, placing each one in the acidulated water as you do so. Then, half, core and seed the pears and cut them into inch-thick lengthwise slices or chunks, returning each sliced pear to the lemon water until the job is completed. Drain the cut pears in a colander and return them to the mixing bowl. Add the cherries, lemon zest, pear or apple juice, honey, flavorings, spices, and one tablespoon of flour to the fruit and stir to mix everything well. Let the fruit macerate for 15 minutes; then place it in the prepared bakingdish.

1/4 cup trans fat free margarine spread

Make the topping. Place the granola, flour, brown sugar, almonds, and spices in a large mixing bowl and toss them together lightly. Add the margarine spread and use your hands to work the spread into the dry ingredients until blended but crumbly. Spread the topping over the pears. Place the dish on the foil-lined baking sheet and bake the crumble for 30-35 minutes, until the top is golden brown and the juices are bubbling and translucent. Serve warm.

Bell Peppers and Sliced almonds

Ingredients
1 medium green bell pepper
1 medium red bell pepper
1/4 cup sliced almonds

4 ounces fat-free or reduced-fat cream cheese, softened
1 teaspoon no-salt lemon pepper seasoning blend
1 teaspoon fresh lemon juice
Cooking Instructions

Cut each bell pepper in half lengthwise; discard the stems, ribs and seeds. Cut each half into six pieces. Arrange the pieces with the skin side down on a decorative serving platter. Set aside.

In a medium skillet, dry-roast the almonds over medium heat for 3 to 4 minutes, or until golden brown, stirring occasionally. Transfer 1 tablespoon of the almonds to a small plate and reserve for garnishing. Process the remaining almonds in a food processor or blender for 15 to 20 seconds, or until finely ground.

In a medium mixing bowl, beat the cream cheese, lemon pepper seasoning blend, and lemon juice with an electric mixer for 1 to 2 minutes, or until creamy. Add the ground almonds and beat for 10 seconds, or until combined.

Spoon the mixture into a piping bag fitted with a wide star or round tip. Or snip the corner off a resealable plastic bag (a plastic freezer bag works well) and spoon in the mixture. Pipe about 1 teaspoon of the mixture onto each bell pepper piece. Garnish with the sliced almonds.

Cook's Tip

Flavorful toasted almonds and zesty lemon-pepper contrast nicely with crisp bell pepper pieces in this festive appetizer.

Cherry and Carrot Plate

Description

Toasted sesame seeds add taste and eye appeal to a cheery plate of carrots.

Ingredients

2 cups baby carrots
1 tablespoon toasted sesame seeds
Pinch of dried thyme
Pinch of kosher salt
Cooking Instructions

Toss carrots with sesame seeds, thyme and kosher salt in a small bowl.

Special Olympics Missouri Athlete Danny Duvall and Coach Mark Bussen Inducted into Hall of Fame

(JEFFERSON CITY) On Saturday, in a surprise presentation at the Chateau on the Lake in Branson, athlete Danny Duvall of Kansas City and coach and advocate Mark Bussen of St. Louis were inducted into the Special Olympics Missouri Hall of Fame. They believed they were simply attending a Special Olympics Missouri Annual Awards Luncheon to find out how else they could further the athletes' cause when their names were announced at the Hall of Fame luncheon.

SOMO can induct up to two athletes and two non-athletes into the Hall of Fame each year.

Duvall and Bussen will be recognized alongside the newest inductees to the Missouri Sports Hall of Fame, including former St. Louis Cardinals outfielder Willie McGee, longtime MU announcer Gary Link and 14 others. The enshrinement ceremony takes place at the University Plaza Hotel and Convention Center in Springfield on Jan. 26 at 4 p.m.

Danny Duvall, Athlete

Danny Duvall has been training and competing in Special Olympics for 37 years. Over the years, Duvall has competed in golf, bocce, softball, bowling, athletics, basketball, floor hockey and powerlifting.

In 2006, Danny participated in the first ever USA Games in Ames, Iowa in bowling setting a Special Olympics record for single-game bowling at a score of 231. In 2008, he received the Special Olympics Missouri Outstanding Athlete of Year award and was recognized by the Kansas City Sports Commission with the Special

Athlete Achievement Award.

In addition to being recognized for several honors as a SOMO athlete, Duvall won the Bishop Sullivan Award through Catholic Charities in part because of his work as a Eucharistic Minister, usher and member of the Knights of Columbus.

Danny is a global messenger and has made numerous speaking engagements and media interviews over the years to promote the Special Olympics movement. Duvall's contagious smile, fun-loving attitude, giving heart and his spirit of sportsmanship have made him a household name in Special Olympics Missouri.

Mark Bussen, Volunteer

Mark Bussen became involved with Special Olympics Missouri in 1997 as the coach of the West County Special Olympics team. He has two passions: sports and the great rewards that such activities bring and an overwhelming desire to make an impact on the lives of people. He always had a special connection with individuals with intellectual disabilities, so it was a natural fit for him to coach

SOMO athletes.

Through his leadership, the West County team is one of SOMO's premiere programs with more than 40 athletes involved. He tirelessly supports SOMO through his charitable efforts, raising more than \$15,000 in the annual car raffle. As a business leader, he has also built goodwill among several industries helping to generate nearly \$50,000 annually. In 2005, Mark was recognized as the Outstanding

Coach of the Year.

He takes his role as coach and advocate beyond the playing field and touches the lives of so many through his generosity, dedication, enthusiasm and charisma. As one athlete said, "Mark Bussen is the best coach in Special Olympics!"

Lee's Summit resident named SOMO's best athlete, pair of Sugar Creek coaches named best in state

(Jefferson City) Jennifer Neihouse, Linda May, Laurence Kelly, Mike and Kathy Lowry and the Martinez family were all recognized for their outstanding contributions to Special Olympics Missouri – KC Metro Area at the SOMO Annual Awards Luncheon Jan. 18 in Branson. Each year, Special Olympics Missouri salutes those who have made significant contributions to the Special Olympics movement. Each area nominee is submitted for statewide recognition, and the overall winners were also announced at the SOMO Summit.

The KC Metro Area would like to recognize:

OUTSTANDING ATHLETE: Jennifer Neihouse, NAMED BEST IN STATE

Jennifer Neihouse has everything a coach could want in an athlete – hustle, hard work, always smiling, cheering, great team work, willingness to try new sports and then some! She participates in bowling, track, swimming, basketball, bocce, softball and powerlifting. She would do more if we offered it and it fit her schedule! Jennifer is currently tack—ling a swimming routine to improve her times so she can do well at next summer's USA Games in New Jersey. Once again, we have challenged Jennifer to work hard at a sport that is not easy nor her best one but once again she is do—ing the work and making improvements so she can do her very best. Jennifer also exhibits a love for promoting the program and has taken the steps to be a Global Messenger. She has given her time to go out and promote the message of Special Olympics to many groups in KC.

OUTSTANDING COACH: Kathy & Mike Lowry, NAMED BEST IN STATE

Kathy and Mike Lowry are both dedicated, passionate and selfless coaches who give their all to Special Olympics Missouri. The two-for-one package is hard to break. Kathy and Mike are coaches who work on improving their ath-letes' lives (continued in next column)

SOMO's Deadline for Statewide Video Contest to Promote Ending Use of R-Word Right Around Corner, Feb. 14

(Jefferson City) As part of Special Olympics' world-wide campaign to end the use of the R-word (retard) in people's everyday vocabulary, Special Olympics Missouri has created the Spread the Word to End the Word Video Contest.

This contest was created because Missouri's junior high schools and high schools are the main audience for the Spread the Word movement. SOMO staff members know that there are plenty of talented videographers in the local schools, so what better way to allow students to spread the message of ending the R-word and show their creativity than a video contest?

Students can show how they're supporting the Spread the Word movement and 10 students from their school could win a 2014 SOMO State Summer Games Experience in Columbia. SOMO would cover the travel expenses and housing and food costs as you will get the VIP treatment and first pick on all of the great State Summer Games volunteer positions. The winners will see firsthand what SOMO does for the more than 17,000 athletes in the program. Other prizes are included as well.

The video can be about any aspect of the STW movement

- --> How the school supports people with intellectual disabilities
- --> Interviews with fellow students, SOMO athletes, teachers, etc.
 - --> How the school celebrates STW week
 - --> Or even a skit with some student actors

--> So long as it spreads the mission of STW, that's perfect. Be creative and have fun with it!

Here is the video produced to announce the video contest: http://www.youtu.be/xKDwa0LzC28.

Important dates:

Feb. 14, 2014: Video submissions due

March 1, 2014: Top-3 videos are announced

March 11, 2014: Facebook voting to determine the winner begins at 1 p.m.

March 14, 2014: Order of the Top-3 announced at 1 p.m. at the MASC State Convention (schools don't need to be present to win). We will post the winner on Facebook shortly thereafter.

OUTSTANDING COACH (continued)

by growing them as leaders both on and off the playing field. They are always looking for better ways to improve their athletes' skills. They often give their time on a free weekend to travel to sports clinics and other activi—ties, so the athletes can learn new skills and improve oth—ers. Mike and Kathy offer seven different sports at William Chrisman High School, but when athletes want to play a sport they do not offer, the Lowrys find a team for athletes to play on, and make sure they get to practice. Besides these duties, they both volunteer their time as key Volun—teer Managers at the area & state level competition. Both Mike and Kathy also bring their talents to Sports Camp for a week, in order to help make camp a wonderful experience for the athletes. It's nice to count on them as they can be moved around at events to assist with different activities and they will make it fun for everyone.

OUTSTANDING VOLUNTEER: Laurence Kelly

Laurence Kelly is a volunteer that doesn't expect recogni—tion. He just wants to work along side the athletes to help them grow physically, mentally and socially as individuals. Since getting involved with SOMO more than 20 years ago, it is clear that he values the athletes and wants to provide them with a positive experience, while teaching them life lessons. Laurence began as a day-of volunteer and quickly moved into more key roles on Games Management Teams, as a venue coordinator, securing sponsorships, Unified Partner and now as a coach. Laurence has been a Unified Partner since 1993, starting with softball, which is the same team that he's been on for more than 10 years. Laurence began coaching in 2000, and has traveled all over with the team. He has supported the team in many different ways. Laurence is the heart of the Jackson County Parks & Recre—ation -- Special Population Services team. He has become the big brother that some of our athletes need, and serves as the father figure that some of them have never had.

OUTSTANDING FAMILY: The Martinez family

Since moving from Virginia to Missouri in 2007, Andy and his parents have been very involved with Platte Co. Board of Services activities and SOMO sports. Kathy spends most of her time scheduling and helping out at practices. She is very energetic, organized and gets everyone motivated at practices. Mike is involved with GMT, where he usually volunteers his time after our team is finished with our events. Mike also enjoys photography, and takes a lot of outstanding photos at the SOMO events and shares them with the area office and headquarters for use. Andy participates in bowling, swimming, golf, snow¬shoeing and track and field and basketball. They coach bowling, swimming, golf, skiing and snowshoeing and track and field. They have also helped coach basketball and baseball for our teams. SOMO is lucky to have the Martinez family. They are among the most genuine and helpful people, and constantly go above and beyond for the good of others.

Fort Osage School District News!

Students On Patrol

Thanks to the Blue Springs Police Department, the students in the Law Enforcement/Crime Scene Investigation program at the Fort Osage Career and Technology Center will provide real world learning for students while never having to leave the classroom. "Such realism helps to make the training these students are receiving more realistic as to what the environment would be like when thy would be working," said Officer Cory DeVaul, instructor at the Career and Technology Center.

The patrol car, equipped with emergency lights, siren, and a

Taking on St. Louis

The Fort Osage Competition Cheerleading Squad recently returned from a successful weekend in St. Louis. The team competed at the NCA St. Louis Classic and took 1st place in the Advanced Coed division. Besides the first place plaque, the squad also won two individual awards: Best Use of Stunts and The Showmanship Award.

Members of the squad include:

Seniors: Kaitlyn Boatright, Kristine Bodine, Shanne Hackett, Sam Jeffries, and Bekka Ramirez

Juniors: Candra Camerlynck,

prisoner cage, is set up as if it was still being used on a daily basis by the Blue Springs Police Department. The patrol car will play an essential part in teaching the students how to conduct traffic stops, as well as, using it to protect scenes such as traffic crashes. The students will learn how to use the emergency equipment when necessary and how that equipment can help to increase their safety when conducting such tasks. The car will also help to teach the students how to perform more than one task at a time while remaining aware of their safety just as they would in the field.

Kennedi Myers, Allison Stevens, Sydney Vanfleet

Sophomores: Maddy Monday, Madison Rawson, Kendall Smith Freshman: Denise Dean, Payton Kelly, Hannah Rice, Casandra Richey, Gabby Romero

This is the last competition prior to the squad leaving for Nationals in Dallas. This competition was a great warm-up for the National competition because it was hosted by NCA who is also the host for the National competition. The scoring grid and comments will be very useful in preparing for the last phase of the competition season.

Missouri All-State Band

Jordyn Krause, a freshman student at Fort Osage High School, has been selected to the Missouri All-State Band. Over 1,200 auditioned for this honor. Only108 students are accepted into this elite ensemble. The band will meet, rehearse, and perform at the Missouri Music Educators Association Conference held January 22 through January 25, 2014 at Tan-Tar-A Resort, Lake of the Ozarks.

The conductor and clinician for the 2013-2014 Missouri All-State Band is Dr. Mallory Thompson. Dr. Thompson is a nationally acclaimed conductor/clinician, and her band The Missouri 1:30 p. Salon Resort.

NRCS Announces February 21 Deadline for EQIP

The U.S. Department of Agriculture's Natural Resources Conservation Service (NRCS) announced a cut-off date of February 21 for the Environmental Quality Incentives Program (EQIP) and four tie-in initiatives.

More than \$11.8 million is available through EQIP, including \$100,000 each for the On-Farm Energy, Seasonal High Tunnel, and Organic Initiatives. An additional \$9.8 million is designated for the Mississippi River Basin Healthy Watersheds Imitative (MRBI).

Missouri State Conservationist J.R. Flores says, "EQIP is a versatile program that helps all types of land users throughout the state in their efforts to preserve the quality of the natural resources upon which all life depends."

EQIP is the agency's largest Farm Bill conservation program. It helps producers of agricultural products improve water quality, build healthier soil, improve grazing and forest lands, conserve energy, enhance organic operations, and achieve other environmental benefits.

NRCS accepts applications for EQIP on a continuous basis, but producers must file applications by February 21 for consideration for the next round of application funding. Applications filed after February 21 will be considered in the next ranking period if funds are available.

EQIP offers farmers a variety of options to conserve natural resources while boosting production on their land. For more information, call the Jackson County Field Office at 816-228-1161, to find out what practices might apply to you.

New District Conservationist

Meet Autumn Newby, Jackson/Clay Counties District Conservationist. Newby grew up in Hayti in southern Missouri. After attending college at Lincoln University, Newby took a job with the Natural Resources Conservation Service as a Resource Conservationist. Newby has worked with NRCS for seven years. In September she accepted the position of District Conservationist for Jackson and Clay counties. Autumn is married to Larry Newby who is a teacher at the Lee A Tolbert Academy in Kansas City, Missouri.

Autumn is looking forward to meeting and working with the landowners in Jackson County. Congratulations Autumn!
