Fort Osage School News

Courtney Pope, age 13, attends OTMS in the Fort Osage School District, has been chosen for the 2nd time, as a State Finalist in the National American Miss Missouri Pageant to be held June 29, 2014 in Columbia, Missouri. The National American Miss pageants are held for girls ages 4-18, and have five different age divisions, Courtney will be participating in the Jr. Teen age division, along with other outstanding young ladies from across the great state of Missouri. Courtney's activities include flute, softball, volleyball and she also enjoys horseback riding, helping others, and caring for her nephew.

The winner of the Pageant will receive a \$1,000 cash award, the official crown and banner, a bouquet of roses, and air transportation to compete in the National Pageant in California where she will receive an exciting complimentary Tour of Hollywood and two V.I.P. tickets to Disneyland.

The National American Miss Pageants are unlike any other. All activities and competitions are kept age appropriate. Girls under the age of 12 are not allowed to wear make-up, and there is

no swimsuit competition. The Pageant program is based on inner-beauty, as well as poise and presentation, and offers an "All-American spirit of fun for family and friends." Emphasis is put on the importance of developing self confidence, learning good sportsmanship, as well as setting and achieving personal goals. The Pageant recognizes the accomplishments of each girl while encouraging her to set goals for her future.

High School Seniors Honored for Outstanding Educational Achievement

12 members of the class of 2014 from the Fort Osage Career and Technology Center have received the High Schools that Work Award of Educational Achievement. The Southern Regional Education Board gives this award to high school seniors who have completed a challenging program of study and demonstrated readiness for employment and for college. Award recipients are:

- Justin Collyott, Blue Springs High School—CSS2
- Jesse Harris, Blue Springs South High School—CSS2
- Nikki Harvey, Fort Osage High School—Health Science
- Alex Siefker, Fort Osage High School—Ag Science
- Chad Sutton, Fort Osage High School—E-Studies
- Austin Booth, Grain Valley High School—CAD/Engineering
- Caitlin Bush, Grain Valley High School—E-Studies
- Hope Groff, Grain Valley High School—Health Science
- Miranda Hursman, Grain Valley High School—EMT
- Kirsten Montez, Grain Valley High School—Health Science
- Hunter Peterson, Grain Valley High School—E-Studies
- Ashlynn States, Grain Valley High School—Culinary Arts

"These students are to be commended for their efforts," said Mike Pantleo, Director at the Career and Technology Center. "They have taken challenging courses in high school and scored high on rigorous exams and by doing so, they have increased their likelihood of success in the workplace and further education."

Student qualify for the award by completing a college-preparatory course of study in at least two of three subject areas; completing a concentration in a career-technical area; and meeting readiness goals in all three subjects areas of the High Schools That Work Assessment.

The Southern Regional Education Board is a multi-state compact for education, founded in 1948. High School That Work, launched in 1987, is the largest high school improvement effort in the United States, with more than 1,100 school sites in 30 states and the District of Columbia.

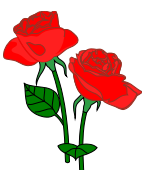

Founded in 2007, The Technology Centers that Work school improvement model has more than 180 technology centers in 18 states. The Technology Centers that Work model is based on the High Schools That Work improvement design, with modifications that target the specific needs of technology centers and their sending high schools.

Annual Residency Requirement Begins in 2014-15

Beginning in July, 2014 Fort Osage will join the ranks of many area school districts by requiring that families provide proof of residency in the district each year. Families will be able to meet this requirement by providing a current utility bill or lease, either electronically or in person at the school office.

This requirement is being put in place to ensure that all students reside in the district, which is the state law and district policy. Residents of the

district expect that their tax dollars support students who are lawfully enrolled. The requirement will also help district staff to identify those students who are homeless or in other special housing situations.

In order to make this process convenient for parents, specific dates will be scheduled at each school for parents to provide their utility bill as well as a residency verification form. Parents will also be able to email a utility bill to the school office, as long as its sent from the email address on file with the district.

Dates in late July will be scheduled in each K-4 building, the ECC and

Fire Prairie when parents can stop by the school with their information. At Osage Trail and the High School, students or parents will provide their utility bill during registration and schedule pick-up in early August.

Several different utility bills will be accepted as proof of residency. Parents can provide an electric, gas, water, trash, cable or line telephone bill with a July or August date as verification of current residency. A current mortgage statement or lease will also be accepted. In addition to the utility bill, each family will complete a brief Residency Verification Form to verify their

current living arrangement. In addition to accepting paper copies of residency proofs at the school, parents can forward an electronic bill or scanned copy of a bill to the school office via email.

Proof of residency will be required for all enrolled students by the first day of school each year. Students will not be immediately dropped if proof of residency isn't received, but they will be removed from the district rolls by the end of September if residency proof hasn't been provided.
