## Vickie Myers to retire from Central Bank of the Midwest

Vickie Myers began her banking career 38 years and 3 months ago with what was then called First State Bank of Buckner. Over the years she has seen the bank change names five times and has worked under seven different people.

Back in 1978 when she began her banking career there were no computers and the work was sent out at the end of each day. Actually there were no teller machines, no account numbers and everything was done in the persons name. In 1985 they got a computer and by the 1990's the had more computers.

Today, banks have high speed internet, on line banking, ATM machines and life is much faster.

Even though the banking industry has changed dramatically, Vickie is thankful for all her friends. See doesn't see people as her customers,

but her friends. Vickie says, "everyone is so nice, Buckner is a wonderful place in which to live and work." She would like to thank the bank for such a wonderful place in with to work for the past 38 years.

Retirement brings time for family, friends, gardening and spending time with her grandson, Adam.

Our family and myself feel extremely lucky to have gotten to know such a kind, caring person as Vickie. It has been a honor to have her as a friend and having been allowed to share years of experiences with her.

Vickie told me that she would always be around, she lives in Buckner, shops in Buckner, banks here and I know we all look forward to seeing her smiling face and caring attitude. Best of Luck!

**Vickie's retirement reception will be held Thursday, March 31st. She will be here from 11AM - 1PM. The bank will be serving some finger foods, cake and punch. Please stop by and let this fantastic lady know how much she is appreciated and will be missed!**

## Joey Neidel wins first place!

Joey Neidel, 19 year old son of Larry and Kathy Neidel placed first in the International Pizza Challenge held in Las Vegas.

Joey's pizza was entered in the Traditional Pizza category for the Mid America West Region and he competed with 60 other individuals. He had to chose two toppings, which were morel mushrooms and green and black olives. He baked one pizza for the judges to taste and the other one was for the individuals who were present at the event.

He was presented with \$500, a plaque and the black chefs jacket he has on in the picture below.

Joey applied for a position as a pizza person when Tusconos opened in Buckner, MO. Owner Kirk Kellough told Joey that he would teach him all

he knew about making pizzas and Kirk did an excellent job!

Kirk competed in the Non Traditional Division with a pizza consisting of four ingredients. They were spinach, chicken, figs and four different types of cheeses. This was the first time either competed and they both learned a lot about the different divisions and what they could and could not expect. In the Non traditional division one contestant actually made a pizza with sliced bananas and poured liquor over it, lit it and it sent flames off the pizza.

This was a great learning experience for both men. Congratulations can't wait to try your pizzas at Tusconos very soon!

## The Burglary Tool Every Family Should Know About. Tips: How To Protect Yourself:

The most frightening burglary tool in America is available online. It's called a Bump Key. Bump keys open deadbolts and passage locks nearly as fast as a working key. And the reason every family in America should know about them.

The tragedy is bump keys threaten the lives of nearly every family in America. The government has done nothing to inform families. Nor have they banned bump key sales. So criminals can buy bump keys online and walk in nearly as fast as if they had a working key.

### Supporting Facts- Bump Keys in the News:

Bump keys have been on the news only in a few cities. Click or copy/paste this Bump Key News link reported by ABC News in San Francisco (<https://supergriplock.com/abc-news-report-on-bump-keys/>). See how fast a news reporter with zero experience can open a locked door while working at a relaxed pace.

You may also enter the keywords "bump key news" in your internet browser to view the above link and other trusted news sources who warned their audiences about bump keys.

### The Issues and Problems:

1 Most families have never been informed they were at risk. They don't know that bump keys are available online and open deadbolts and passage locks nearly as fast as a working key. They trust their standard deadbolts to keep them safe and are unaware that the times and technologies have changed. This is the very reason that millions of families are at risk.

2 Chain locks or slide bar locks are of little value. They can be easily snipped. The screws that hold the chain or slide bar locks in place can be pulled out with a good push of the shoulder. Once the door is open a pry bar can do the same.

### The Solutions- How to Protect Yourself and Your Family:

1. Homeowners should install Bump Resistant Locks. These locks have been specifically designed to prevent bump keys from opening them. Bump Resistant Locks can be purchased in lock shops, hardware stores, and online.

2. If you rent or cannot afford Bump Resistant Locks then you should consider using Super Grip Lock. This is a \$10 strap that easily attaches to existing deadbolts. It secures the deadbolt handle when it's locked to keep the bolt engaged. When the bolt is engaged the door cannot be opened until the strap is removed. Super Grip Lock is industry-tested, police-endorsed and can be viewed online at [www.SuperGripLock.com](http://www.SuperGripLock.com).

Families should be informed as knowing the facts can save their life. Prevention is what keeps families safe as Benjamin Franklin stated, "An ounce of prevention is worth a pound of cure." Who wouldn't appreciate knowing the facts and knowing how to protect their family?

### FSIS ISSUES PUBLIC HEALTH ALERT FOR IMPORTED CHICKEN PRODUCT

#### FOREIGN MATTER CONTAMINATION

WASHINGTON, March 7, 2015 – The U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS) is issuing a public health alert to notify the public of a recall conducted by Maxi Canada, Inc., a Québec, Canada, establishment, involving approximately 103,752 pounds of chicken product that may be contaminated with metal pieces. The Canadian Food Inspection Agency (CFIA) notified FSIS of the recall, which affected products exported to the United States.

The chicken nugget item was produced in July 2015, and was imported to the United States between July 30, 2015 and March 5, 2016. The products subject to the public health alert include the following:

- 38-oz (2.975-lb) boxes of Yummy brand fully cooked "CHICKEN BREAST NUGGETS | 100% All Natural\* | Nugget-Shaped Chicken Breast Patty Fritters with rib meat PRODUCT OF CANADA" with a BEST IF USED BY date of 07/17/17.

The products bear establishment number "Canada Est. 348" and UPC number 064563225782. This item was shipped to retail locations in the United States nationwide and can be found at retailers such as Kroger, Wal-Mart, and Safeway.

There have been no confirmed reports of adverse reactions due to consumption of these products. Anyone concerned about an injury or illness potentially associated with the recalled product should contact a health care provider.

### Just a little humor

### Great holiday Recipe

#### Ribeye Roast with Dijon Crust and Roasted Green Beans

6 to 8 servings

#### Ingredients

- 1 well-trimmed beef ribeye roast, small end (4 to 6 pounds)
  - 1/2 cup Dijon-style mustard
  - 2-1/3 cups cheese and garlic or Caesar croutons, finely crushed (about 1-1/4 cups crumbs), divided
  - 1-1/2 pounds green beans, trimmed
  - 1 tablespoon olive oil

#### Directions

Heat oven to 350F.

Spread mustard evenly over all surfaces of beef roast. Press 1 cup crouton crumbs evenly onto roast over mustard.

Place roast, fat side up, on rack in shallow roasting pan. Insert ovenproof meat thermometer so tip is centered in thickest part of beef, not resting in fat. Do not add water or cover. Roast in 350F oven 1-3/4 to 2 hours for medium rare; 2 to 2-1/2 hours for medium doneness.

Meanwhile toss green beans with oil on metal baking sheet. Add remaining 1/4 cup crouton crumbs; toss to coat. Roast in 350F oven with beef roast 30 minutes.

Remove roast when meat thermometer registers 135F for medium rare; 150F for medium. Increase oven temperature to 450F; continue roasting green beans 10 to 20 minutes or until tender and starting to brown.

Transfer roast to carving board; tent loosely with aluminum foil. Let stand 15 to 20 minutes. (Temperature will continue to rise about 10F to reach 145F for medium rare; 160F for medium.)

Carve roast into slices. Season beef and green beans with salt and pepper, as desired.

# Community Service League Celebrates 100th Year Birthday

In June of 1916 some women from Jackson County, MO. wanted to make a difference in their community and began a bible study. The verse that inspired them was "It is more blessed to give than to receive," so they decided to help local families who were having a difficult time with everyday items, such as food, clothing and paying their bills. Their acts of kindness resulted in the Community Service League.

Bess Wallace Truman, president Truman's wife was one of the original members of this organization. Mrs. Truman's legacy lives on in the CSL which has helped thousands of men

and women who face challenges such as poverty, not enough food for their children, need for clothing, utility bills paid and housing.

"Going into the next 100 years, CSL is on a mission to not only provide critical support services, but set the stand for breaking the cycle of poverty and become a model for helping those in need achieve self-sufficiency. Born from bold, progressive thinking 100 years ago, CSL is paving the way for a new century of providing solutions, changing futures, and creating a new legacy of caring in our community."

Barrels, like the one pictured on the right are located in stores, banks, etc. CSL is asking that you donate non perishable food items, canned goods, cleaning supplies, clean bedding and clothing, school supplies, small working appliances. You can call the CSL offices in Independence, MO. for a list of items needed! Happy 100th Birthday
